

2022 Summer Reading Program

The Saint Stanislaus Summer Reading program is optional. It is designed to encourage students to enjoy recreational reading during their summer vacation. If a student chooses to read an approved book, he will have the option to complete a book assessment on Friday, August 5, during his scheduled Orientation period. If he passes the assessment with a score of 80% or above, he will earn 10 bonus points that can be used in any class of his choosing during the first quarter. Please contact Mrs. Artigues at nartigues@ststan.com with questions.

- **Students enrolled in English Honors classes for the 2022-23 school year will have required summer reading that will be posted in a separate list.**
